EDITOR'S NOTES:

One of my pleasures in life is finding old books dealing with the history of the areas my National Bank Notes come from...Michigan's Upper Peninsula and northern Wisconsin. The old tales from the Copper Country and the Iron Ranges spell out a lot of romance and some interesting facets of life in by gone days. As a manager of people and resources I sometimes get a kick out of "Management Theories" of the past. While reading "Vein of Ore", the Pickands Mather Story by Walter Havighurst, I found an interesting way to correct tardiness in employees: Billy Chinn was the district manager of company mines on the Mesabi Range, in the early 1900's...not too far from the UP, and in fact he'd learned his trade in the Michigan Ranges. One of his staff members was repeatedly a half day late every Monday after payday...for 3 weeks running. The employee complained of pain in the stomach. On the 4th Monday, Chinn asked the employee how he was and learned that the familiar stomach ache had caused him to miss the first half of the day. Chinn opened the door and ambulance drivers came in and took him to the hospital. At the hospital the employee told the surgeon there was a little pain in the belly, but it was gone. Chinn told the surgeon, "four times, a bad case. Take his appendix out." Thus a Pickands Mather employee lost his appendix but was never late again on Monday morning.

Memphis is nearly upon us...hope you get this prior to, and hope to see you there.

I drove down to Central States at the Rosemont Exposition Building near O'Hare airport on Saturday, May 22nd. It was a big show, although I noticed a lot of empty tables. I was told by one dealer that a lot of the dealers come in for PNG day and then return home...a lot of wholesale trading, but not as much

retail at the shows as in the past.

Well, I'm sure we'll see lots of retail going on at Memphis...the king of paper shows...keep up the good work Mike Crabb.

50 YEARS AGO IN NUMISMATICS

A.E. Bebee's April ad in the 1943 Numismatic Scrapbook offered an 1862 Chase \$1 crisp unc for \$4, a crisp Chief one-papa \$9, and a \$5 1923 Lincoln "Porthole" for \$10.

Major Paul F. Max wrote in to inquire about the "invasion money" issued to military personnel in North Africa. He stated that the British were also issuing this sort of money in paper bills. He also asked if it wouldn't be wiser to spend it over there at it's current rate and purchase notes from the Treasury at face value later on...for collecting purposes. It was reported by the columnist that banks had been directed to forward all such notes to the Federal Reserve Redemption Office. At that time collectors were paying a small premium.

The May Scrapbook reported the discovery of the 1942 over 1941 dime.

A smuggling ring was smashed with the indictment of three seamen who were found to have brought \$30,000 into this country illegally from South America in violation of the Trading with the Enemy Act of 1917. This measure was taken to prevent Germany from making use of US currency looted from individuals and banks in the occupied areas of Europe.

The Nazis were printing propaganda dollars... reproductions of one and five dollar bills were distributed among African natives. On the back was a death's head with the following inscription in Arabic: "This money has the appearance of being gold. Don't be fooled by its value. It appears to be gold, but there is nothing to support it. There are two kinds of trees. One which gives fruit and one that is ornamental. That is understood. This money is only ornamental. Truth remains as always. The only things that count are working in the fields and sowing seed. The United States don't (sic) respect religions and traditions." Sounds like a great item...has anyone seen one of these.

An ad for the ANA listed membership at \$2, including the magazine from May to the end of the year.

German authorities in the Netherlands were reported applying pressure to citizens to surrender coins of silver, nickel and bronze. 10 Guilder coins with a face value of \$5.40 were secretly being sold for as much as 55 Guilders...\$29.70

Hewitt's Anti-Tarnish Tissue was advertised at 75 cents postpaid for 100 tissues. M.M. Jackson of Chicago, IL was offering an 1880 \$10 "Jackass" note in unc. for \$20.

H.C. Moore, Acting Supt. of the Philadelphia Mint announced: "Facilities of the mint are taxed almost beyond capacity. Due to this fact no proof coins have been struck in 1943, and none will be struck for the duration of the war at least."

OUR COVER THIS MONTH: This little note is known as a "look-alike" Fractional. That is it resembles U.S. Fractional Currency notes issued between 1863 and 1874. A number of these little notes were pressed into service to meet small change needs during the Civil War. The more closely they imitate the U.S. designs, the more desirable. This one is a fair imitation of a First Issue or Postage Currency note of 1863. Both Face and Back resemble the "official" counterpart.

PRESIDENT'S MESSAGE

The doldrums of the depression are starting to turn around and the future appears brighter. The Stock Market has set new highs and most people now seem to feel more comfortable about spending their money. This has shown a reflection in the coin and paper money hobby.

The Michigan State Numismatic Society Show which was held at the Regency Hotel in Flint April 23-25 and the Central States Show in Chicago, May 21-23 were indicative of added interest and investments in the hobby. Gold has had about a 10% upswing and this has popped open a lot of eyeballs! All these positive factors have contributed to the success of these shows.

There were 5 paper money exhibits at MSNS in April: Gayle Pike, Gourd Money of Haiti; Danny Rothfield, Israel's Prime ministers; Julius Dudzinski, Poland's first paper money; Frank Passic, Lithuanian Paper money and Joe Mikolajczyk, Battle Creek cereal money. Joe misspelled the lettering in his title and spelled cereal "cerael". I was helping out on the judging and when this was brought to my attention we got a good chance to razz Joe a little bit. I gave him a stand that has a 4 inch magnifying glass and a light so Joe can study the fine print on his paper money and be better equipped to correct any errors in spelling.

Bob Hatfield gave an interesting talk on MI Obsolete currency. He showed some slides on the subject that were furnished by the ANA

PMCM will be co-hosting the Fall show at Dearborn in 1994 with the Downriver Coin Club. This is a lot of work and it's really important that we supply a good number of workers in order to do a great job and represent our club in the best manner possible. This is a big monetary gain for the club, so try to plan on helping out for a day or an hour or whatever you can, as it will be appreciated.

I will not attend the Memphis Show June 18-20 this year, as I am in charge of our class reunion as well as being the M.C. on June 19th at our local Country Club. I'll miss all the companionship of the Show.

I am planning, however, on making the ANA in Baltimore in August if all goes well.

I'm looking for a \$5 Escanaba National Bank Note Charter 8496, type 1 or 2. I added 3 new notes on Pontiac Obsoletes last week, but new acquisitions have been hard to find. I keep on searching though and that's what makes our hobby interesting...the thrill of a new find...followed by the pain when you have to pay for it. So long and Happy Collecting,

Regards, Dr, Wallace Lee, President, PMCM

A Favorite Note, Nelson Page Aspen

Selecting a favorite note,
Especially if it's a Bermuda
Note, is as difficult as selecting
Your favorite Child, however, there
Is one with special feelings of Warmth
When I see that note...

I guess one of my most favorite notes is the single prefix 1937 Bermuda Ten Shilling note of George VI. It was his first issue and with the grace of a British Monarch, he waited until the 12 May 1937 for it's issue.

The date on the note is his coronation date, and few would have had the patience to wait, for Edward VIII abdicated 11 December 1936.

It was initially issued as a green note, but was not easy to distinguish in poor light. One hundred thousand were issued utilizing the single prefix "A" through "K", bearing the date 1937.

The notes were replaced with red ten shilling notes, utilizing the colour of George V's ten shilling notes. These bore the single prefix "L" and ended with the prefix "Z" for a total of one hundred and forty thousand notes before double prefixes were necessary. The letters "I" and "O" are not used to avoid confusion with the serial digits.

The notes were printed by Bradbury, Wilkinson & Co. Ltd. Involved in the design and printing were various colour trials, proofs and specimen notes which add to the collectors interest and excitement.

Now George VI has been dead for over forty years, the famous printing house of Bradbury is gone and the 'Bermuda Pound and fractions thereof' (Not nice to say Bermuda Sterling) were replaced with the Bermuda Decimal System issued February 1970.

All things end, but the memories of a syngraphist can be passed on forever, if we will but take the time to do so.

My best to all.

Our friend and fellow Rag picker/PMCM member Nancy Wilson is running for the ANA Board of Governor's again. Nancy has served several terms and is especially interested in Young Numismatists programs.

Nancy belongs to about every Numismatic Club there is and she and her husband John spend most of their vacation time at Coin Shows and events around the country collecting, speaking and working to promote the hobby.

Of special interest to Rag pickers are the many souvenir cards Nancy and John have put out to

commemorate special events, or just promote the hobby. These cards have been listed in the Souvenir Card Collecting Society publication, so hang onto them if some of these items are in your collection.

Even more important, support Nancy in her bid for re-election to the American Numismatic Association Board. Every vote counts, so be sure to send your ballot in. If you're not a member of the ANA, join...it strengthens the hobby to have healthy clubs and associations. Call the ANA at their hotline # 1-800-367-9723 for information. Dues are \$26 yearly with a \$6 first year application processing fee. Membership entitles you to the monthly magazine and a wide range of services including a lending library.

CLUB NOTES: The Currency Club of Chester County is our only club signing in this issue...their April meeting featured a Show and Tell session. One of the interesting items included post cards showing post Civil War trees planted in honor of fallen heroes of that conflict! The club also discussed the possibility of a young Numismatist club to meet once a month on a Saturday. Interesting programs coming up include: 6/17 "Bank Notes of Africa" by Paul Cannoe; 7/15, Alex Perakis "Some Things You Don't Know About Nationals"; 8/19 "Notes of Mexico by Bill Quain"; 9/16 "Green Side Up" by Ray Waltz (no doubt a set of lawn sod installation directions); 10/21 Steve Dopirak "An Overview of WWII Notes"; 11/18 Tom Rowell "Souvenir Card Update for 1993"; and the annual Christmas Party and Donor Auction 12/16...If you're in PA on those dates, I'm sure visitors are welcome.

FEDERAL RESERVE NOTE EXCHANGE LIST

Chairman: Joseph Mikolaczyk

603 Parchmount Ave.

Parchment, MI 49004

This exchange list is open to all paid up PMCM members who would care to help fellow members, as well as themselves, exchange current FRN's. If you would like your name added, write to me at the above address. DON'T WRITE TO THE EDITOR as it adds to his work and delays your request.

The following PMCM Members will exchange current FRN's they have available with other members at face value, plus SASE.
